1. I am [1 group unrecovered] your instructions about classification by means of the word "Personal". Because of this telegram No. 86(b) did not go to the Chief[Kh0ZYain].[ii]

Is it essential to inform him of everything [OK despatched], since this always leads to a demand that the source should be named and this would be undesirable.

2. As regards KNUDSEN's^[iii] posting, his superior has not been able to achieve anything. Please take the necessary measures at the CENTRE.^[iv] At this end I shall ask the NEIGHBOUR[SGSED] to co-operate.

Comments: [i] Name No. 42 : Possibly Capt. (1st Rank) M. A. VORONTSOV.

- [ii] the Chief : It is not clear to whom this refers. This masculine noun and the masculine pronoun in the next sentence show that it cannot refer to the Soviet Minister, Madame KOLLONTAJ. Possibly a reference to Col. N. I. NIKITUSHEV who appears to have been the senior GRU officer in STOCKHOLM.
- [iii] KNUDSEN : Unidentified.
- [iv] CENTRE : Presumably the Department of Foreign Relations (OV) to which Naval Attachés abroad were responsible.
- [v] NEIGHBOUR : Another Soviet Intelligence organisation.
- [vi] Name No. 59 : Probably Capt. Aleksej TARADIN, Soviet Naval Attaché in STOCKHOLM.
